OVERVIEW

NEW DEVELOPMENTS

"Beauty and the Beast," a brand-new musical production inspired by Disney's live-action adaptation of the animated classic, is now onboard the Disney Dream this November. This new production will bring the timeless fable to life like never before, featuring a style of theater that interlaces classic storytelling elements with cutting-edge technology, to create a unique, theatrical experience in the 1,340-seat Walt Disney Theatre. An innovative take on the story will transform renowned songs into spectacular, show-stopping numbers, and lavish costumes and puppetry will bring a fresh perspective to beloved characters.

From new Star Wars and Marvel themed areas for kids, to delicious treats for families and luxury shopping for adults, Disney Cruise Line brought fun-filled additions to the Disney Fantasy in May 2017. These exciting new experiences are designed for guests of all ages. In imaginative new spaces in Disney's Oceaneer Club, the new Star Wars: Command Post takes kids on a journey where they will train with heroes of the Star Wars saga and help with missions against the First Order. At the all-new Marvel Super Hero Academy, children can learn the ways of the mystic arts with Doctor Strange and interact with and open portals to different locales around the Marvel Universe. In addition, families can enjoy the new Sweet on You ice cream shop, themed after the iconic Mickey Mouse cartoon shorts, while adults indulge in timeless collections of jewelry and luxury accessories at the world's premier jewelry and iconic American luxury brand, Tiffany & Co.

Exciting new entertainment and experiences are also onboard for Disney Wonder guests since the Disney Cruise Line vessel was transformed late last year. Headlining the enhancements are an exclusive new "Frozen" theatrical production, imaginative spaces for children, including Marvel Super Hero Academy, a jazzy restaurant inspired by Princess Tiana and an English pub.

The Walt Disney Company recently announced that it has entered into an agreement with the Meyer Werft shipyard in Germany to build three additional cruise ships. The three new ships will be powered by clean-burning liquefied natural gas and be the same size – approximately 135,000 gross tons with about 1,250 guest staterooms planned – which is slightly larger than the newest Disney Cruise Line ships, the Disney Dream and Disney Fantasy.

COMMUNITY INVOLVEMENT

Disney Cruise Line strives to make a positive impact in the many places around the world it calls home. The cast and crew of Disney Cruise Line support numerous charitable organizations that nurture the lives of children and enrich the environment. Crew members lead reading education programs in schools, give to local animal shelters and bring Disney characters to entertain children in port communities around the globe. Disney VoluntEARS also donate their time to paint murals for hospitals and care facilities, raise funds for worldwide disaster relief efforts, and host annual shore cleanups to remove trash and debris from fragile coastlines. Each year, cast and crew members donate thousands of hours of their personal time to benefit worthwhile causes in port communities around the world.

THE ENVIRONMENT

Disney Cruise Line is committed to minimizing its impact on the environment by utilizing new technologies and ongoing programs to increase fuel efficiency, reduce waste and promote conservation worldwide.

- 🌱 **Environmental Officers:** All Disney Cruise Line ships have dedicated Environmental Officers who are responsible for overseeing compliance with multiple regulations and onboard environmental programs, including all shipboard recycling and sanitation efforts, as well as monitoring the ship's overall water quality and supply.
- ♻️ **Recycle/Reuse:** Shipboard recycling processes annually eliminate more than 1,900 tons of metals, plastic, glass and paper from traditional waste streams since 2014. In addition, responsible construction methods have been utilized on the Disney Dream and Disney Fantasy to source flooring and carpeting that is made from sustainable, organic and recyclable alternatives.
- ⚡ **Fuel Efficiency:** Disney Cruise Line was the first in the industry to utilize an innovative hull coating on the Disney Magic and Disney Wonder that is 100 percent non-toxic to the marine environment and increases fuel efficiency by reducing surface resistance in open water. The Disney Dream and Disney Fantasy have been designed to be even more hydrodynamic vessels than their predecessors, with optimized propulsion systems and hulls for increased efficiency.
- 💧 **Energy Conservation:** Condensation from the shipboard air conditioning units is reclaimed and reused to wash the decks, saving up to 30 million gallons of fresh water each year.

ITINERARIES

Looking ahead to 2018, the Disney Wonder will return to Alaska in the summer while the Disney Magic will visit Europe and celebrate two first-time stops. The first will be Genoa, Italy during a bookend experience in June 2018 that explores the rich culture of Barcelona and inspiring history of Rome in a single cruise. The second, Cork, Ireland, occurs as part of Disney Cruise Line's first-ever seven-night British Isles cruise, departing in Sept. 2018. Guests can also sail on popular cruises onboard the Disney Fantasy and Disney Dream to the Caribbean and the Bahamas, including stops at Nassau and Disney's private island, Castaway Cay.

Coming in 2019, Disney Cruise Line will give a warm welcome and return to the Bahamas and the Caribbean. Disney Cruise Line will also cruise to Disney's very own Castaway Cay - famous for its white-sand beaches, glorious turquoise waters and extraordinary coral reefs. Guests can also sail south of the border to Baja and the Mexican Riviera.

CASTAWAY CAY

A favored stop on all Bahamian and Caribbean itineraries is Disney's Castaway Cay, a 1,000-acre private island with turquoise waters, powdery white sand beaches and swaying palm trees that is exclusive to Disney Cruise Line guests. With an authentic island barbecue and plenty of snorkeling and water sports, Castaway Cay provides Disney Cruise Line guests with a day of adventure, relaxation and quality time with the family.

Island amenities include:

- 20 premium 325-square-foot private, furnished cabanas in two locations: Castaway Family Beach (for families) and Serenity Bay Beach (for adults)
- Open-air massages with an ocean view, a yoga class and a bar at the secluded, adults-only beach, Serenity Bay
- Two Water Play Areas: Pelican Plunge and Spring-a-Leak
- The Hide Out, a teens-only activity area on the beach
- Port Adventures for everyone in the family, including stingray interactions, glass-bottom boat tours, parasailing and fishing
- Free childcare at Scuttle's Cove, an expansive child's area supervised by Disney counselors
- Disney Character Greetings, including a dance party with Lilo and Stitch
- Swimming, kayaking, water sports and more

- All four Disney ships were named among the top 10 “Best Cruise Ships for Families” in the USA Today 10 Best Reader’s Choice poll.

FACTS & FIRSTS

- At 1,115 feet, the Disney Dream and the Disney Fantasy are longer than the Eiffel Tower is tall (986 feet).
- Disney was granted special permission by the U.S. Coast Guard to paint its lifeboats yellow – rather than the traditional regulation color of orange – to preserve the Mickey Mouse color palette of red, yellow and black.
- Disney Cruise Line was the first cruise line to present a fireworks display at sea.
- The Disney Dream and Disney Fantasy sport the first water coaster at sea – AquaDuck – which stretches 765 feet in length, spans four decks in height, and zips riders over the edge of the ship, 150 feet above the water.
- Disney’s Oceaneer Club and Disney’s Oceaneer Lab on the Disney Dream and Disney Fantasy feature a Magic PlayFloor, a cruise-industry first that blends the latest in gaming technology with Disney’s panache for storytelling.
